

President's Message

West Hills College Lemoore is committed to the citizens of our community and the students we serve. We truly appreciate our community's support through the passing of Measure E on November 4, 2008. Measure E allows the West Hills Community College District (WHCCD) to improve and expand West Hills College facilities for Lemoore, Avenal, and Riverdale. By improving our facilities with state-of-the-art instructional equipment and learning space, West Hills College Lemoore can continue providing high quality instruction that will better prepare our students for careers in our community. On behalf of the administration, faculty, staff, and West Hills College Lemoore students, we sincerely thank the citizens of the School Facilities Improvement District (SFID) No. 3 for their continued support.

Our website is intended to keep you up-to-date on Measure E projects. Our Citizens' Bond Oversight Committee is hard at work ensuring that we appropriate funds according to the bond provisions and that our projects are moving along as planned. Please visit the website regularly for updates on our Measure E projects.

Kristin Clark, Ed.D.

President
